This exhibit represents works created by members of the Cape and Islands Art Educators Association. CCIAEA was founded in 2003 as a collaborative effort between prospective, current and retired art educators and their supporters and the Cape Cod Museum of Art. Led by a volunteer advisory committee, the association represents a cross-section of the art education community on the Cape and Islands.

*This exhibition was generously supported by a grant from the Arts Foundation of Cape Cod , with additional support from the Cultural Center of Cape Cod.*
